## CIRCOMASSIMO

Arch. Maurizio Di Mauro

### DESCRIPTION

---

Every detail of Circomassimo reveals a strong, noble and austere character: an impressive and precious table, but essential at the same time. The design of its solid wood legs - which can be made in canaletto walnut or open-pore ash - is original and effective. They join together and form a double longitudinal Y parallel to the top. Its top is rounded and atypical - available in a rectangular version - which gives it a convivial look, favoring greater visual contact among the guests.

### TECHNICAL INFORMATION

---

#### Typology

Table

#### Legs

Solid canaletto walnut | Solid ash open-pore

#### Shaped top

Marble

MDF panel veneered in canaletto walnut or ash open-pore

#### Under top

MDF panel veneered in canaletto walnut or ash open-pore
