## CORDER CONSOLLE

Arch. Maurizio Di Mauro

### DESCRIPTION

---

Purely geometric charm and hypnotic play where lines with a unique profile and the most sparkling metals are the protagonists. You recognize the Corder collection by its metal leg whose elegance is enhanced by the particular straight shape and amplified by the top - refined and essential - available in different variants. The console is no exception, with its hyper-charming play of colors and lights, combined with a skilful use of negative space, which here draws intriguing designs.
