

MERONI & COLZANI  
M I L A N O

## DOGE

MC Lab

## DESCRIPTION

---

The Doge family is as essential as noble: a minimal soul to be found in its allure. Console and side table which share precise and rigorous lines such as a slender and sleek structure, made more precious by soft details as the round corners and the top shape. To their structure in Canaletto walnut or ash open-pore it is possible to match a marble, glass or lacquered wood top.

## TECHNICAL INFORMATION
