MC Lab

### **DESCRIPTION**

---

Regal, impressive and precious: Ducale makes the headboard its business card. More important in the high version, it becomes more contained and regular in the low version. Why do we call it Ducale Gran Plisse? Because of the particular attention paid to the pleated processing of the fabric or the leather of the headboard, which is longer than the body of the bed. Let your fantasy free: his fabric cover is completely removable, so you can change it according to your mood. Regale rhymes with comfort in Ducale: both versions are available with or without storage box, wonderful to keep order!
