

MERONI & COLZANI  
M I L A N O

## FAVIGNANA

MC Lab

## DESCRIPTION

---

Elegance and uniqueness of shape make Favignana an icon of style and a distinctive object of the night area. A top-notch mirror with an original square marble base, a metal leg and a mirror body with a particularly slim and slender shape - ideal for adapting to different projects where what is missing is only the last finishing touch. A clear and precise profile - almost laser-cut - which perfectly suits the delicacy of marble and the beauty of the island that recalls in the name.
