DESCRIPTION

The Giudecca collection - composed of chair, armchair and sofa - has a design which can be described primary, but at the same time sophisticated thanks to the particular shape of the legs that meet with the backrest defining an original design that takes the shape of a stylized S. Its pure lines place it in a range of creations destined to go beyond time and fashion trends. Cozy back, clean and straight design, play of materials and contrasts arising from wood, leather and fabric. The armchair can have a more traditional look with the choice of a fabric upholstery, or a more contemporary and bold one with that of the leather.
