GIUDECCA

Arch. Maurizio Di Mauro

DESCRIPTION

Without a doubt one of the most original MC collections: made by armchair and sofa, its straight lines play with fantasy and design freely, never turning into rounded ones. A collection where also negative space draws and composes with fantasy. The sofa takes and develops - in a unique and immediately recognizable way - the purely geometric concept which comes to life with its twin armchair.

TECHNICAL INFORMATION

Typology

Armchair | Sofa lounge
