

# SQUARE

CR&S MISURAEMME

The **Square** collection provides the possibility to contain, to display but above all to furnish your home environment with charm. A never trivial feature in combination with a sense of "lightness", in terms of shape or the pleasant interaction that the single elements manage to establish between one and another. Containing "housing" that function as bases, simply floor-based or on very modern steel bases, become the heart of real and true compositions.
