

TECNO WOOD

CR&S MISURAEEMME

The evolution of technological and aesthetic research has led to the development of even more particular and high quality doors. The optical affect and tactile characteristics go together perfectly, enhancing refined sensations giving the 3D synchro-pore the natural look of real wood. The pleasure of reinterpreting nature.

CR&S MISURAEMME

Care for details is a must for **MisuraEmme R&D Center**. This does not only show through the choice of first-class materials – from Carrara marble to solid oak wood, fabrics made in Italy to European leathers – but also customised processing and craftsmanship give added value to furnishing accessories. All this and more, make the products of MisuraEmme unique and exclusive, a result of a mixture between refinement and innovative technology.
