

# Isola

design by Gordon Guillaumier 2008

**Base:** micaceous brown varnished metal.

**Glass finish:**

**Tops:** laminated tempered glass. Top surface in smoked glass, underside varnished in grey.

**Console shelf:** sheet-metal, micaceous brown stained.

**Other finishes (sandstone / MDF cement brushed / wood).**

**Top:**

A - MDF cement brushed  
B - MDF veneered in oak moka or sucupira wood  
C - Sandstone "coffee-cream" colour, water and oil repellent.  
Not acid-resistant

**Lower shelf and console shelf:** sheet-metal, micaceous brown stained.

**Attention:** weight and volume refer to the glass finish.

The cement finish is not uniform as the brushing of the material is handmade.

**Base:** metallo verniciato colore marrone micaceo.

**Versione in vetro:**

**Piani:** vetro temperato stratificato colore fumè, retro verniciato grigio.

**Ripiano consolle:** lamiera verniciata colore marrone micaceo.

**Altre finiture (pietra arenaria / MDF spatolato cemento / legno).**

**Piano superiore:**

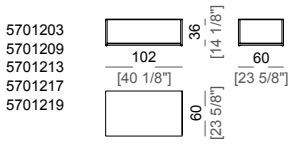

A - MDF spatolato cemento  
B - MDF impiallacciato sucupira, rovere moka  
C - Pietra Arenaria color "moka-cream", trattata per renderla repellente ad olio e acqua.  
Non resiste a sostanze acide

**Piano inferiore e ripiano consolle:** lamiera verniciata colore marrone micaceo.

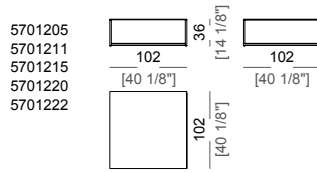

**Attenzione:** i pesi e volumi sono riferiti alla versione in vetro.

La finitura cemento risulta di aspetto irregolare poiché la spatolatura del materiale sul supporto viene realizzata manualmente.
