

Stick, 795/I-IMP
sedia \ chair

La sedia Stick si definisce nel contrasto tra le linee geometriche, angolari della struttura e le forme più morbide della scocca, imbottita in tessuto o pelle. Quest'ultima sembra appoggiarsi alla base che la sorregge e la contiene in un gioco tridimensionale dato dalla particolare lavorazione del legno.

The Stick chair and is defined by the contrast between the geometric and angular lines of the ash wood frame and the softer shapes of the fabric or leather upholstered shell. The latter seems to lean on its base, which support embraces the shell, in a 3D woodwork.
