Miura, 776/AW
sgabello \ stool

Famiglia di sedute composta da sedia, poltrona e sgabello, Miura si distingue per le morbide curve e le sapienti cuciture a vista sul rivestimento in tessuto o pelle. Nella poltrona, disponibile anche nella versione con gambe in faggio imbottite, il profilo dello schienale si estende per rendere piacevole l'appoggio delle braccia, mentre, nella versione sedia, il disegno acquista una leggerezza inedita.

A family of seating consisting of a chair, armchair and stool, Miura stands out for its soft curves and the crafted stitching on the fabric or leather upholstery. In the armchair, also available in the upholstered version with beech legs, the backrest profile extends to create a pleasant armrest, while in the chair version, the design acquires a new form of lightness.
