Famiglia di contenitori composta da madia e credenza, Sen si ispira al disegno delle tradizionali porte giapponesi in carta di riso. Il disegno del volume in frassino disponibile in tutte le finiture di collezione, si stempera nella leggerezza visiva data dall'incrocio di griglie in frassino, applicate ad ante scorrevoli in vetro bronzato o extra-chiaro che celano piani interni a diverse altezze.

*The Sen storage unit range, composed of a sideboard and cupboard, is inspired by the design of the traditional Japanese doors in rice paper. The design of the ash container, available in the finishes as per collection, tones down thanks to the visual lightness created by the crossed grilles in ash attached to sliding doors in bronzed glass or extra-clear glass, that conceals shelves at various heights.*
