

Evolution

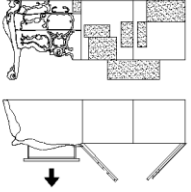

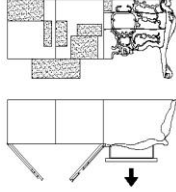

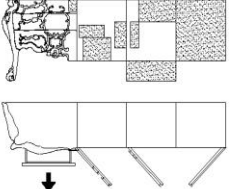

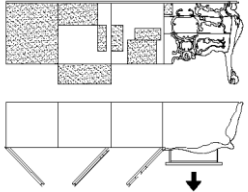

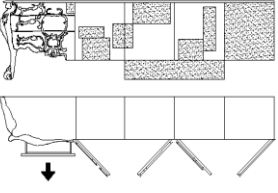

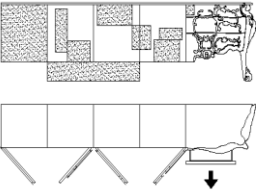

design Ferruccio Laviani

<p>Storage unit made combining old and modern woodworks. The classical side is made of solid wood blocks, vertically placed, and carved by hand. The modern side is, instead, made of veneered multilayer wood. Then, the sideboard is completely sandblasted. The classical side features 3 drawers with wooden runners, while the modern part one wooden shelf per space. The handles and the frontal side of the base are covered with brass or steel.</p> <p>For measurements and finishes not listed below, please verify with the company the feasibility and price.</p>	<p><i>Contenitore realizzato combinando antiche e moderne lavorazioni. La parte classica è realizzata con blocchi di massello, posti in verticale e scolpiti a mano. La parte moderna, invece, è realizzata in legno multistrato impiallacciato. Successivamente, il mobile viene completamente sabbiato. La parte classica è attrezzata con 3 cassetti con guide in legno, quella moderna, invece, con un ripiano in essenza per ciascun vano. Le maniglie e la parte frontale della base sono rivestite in ottone o in acciaio.</i></p> <p><i>Per le dimensioni e le finiture non indicate di seguito, si prega di verificare con l'azienda l'eventuale fattibilità e costo.</i></p>
