# Collection 2019:

→ Composizioni, abbinamenti, combinazioni materiche e cromatiche. L'universo di Frag continua a espandersi, definendo non solo oggetti di arredo ma delle vere e proprie suggestioni estetiche per spazi pubblici e universi abitativi raffinati e contemporanei. La magistrale lavorazione di pelle e cuoio dell'azienda mette in scena un mondo di linee decise, volumi e dettagli, legandosi a finiture e materiali ricercati. Ottone, metalli, marmi, legni, finiture e lavorazioni preziose si snoderanno quindi all'interno di una caleidoscopica ricerca sui rivestimenti, fatta di dettagli sartoriali ed eleganti accostamenti cromatici. Accanto alla storica lavorazione di pelle e cuoio - fiore all'occhiello dell'azienda-, inoltre, Frag rivela una selezione completamente inedita di rivestimenti tessili. Quest'anno, il catalogo dell'azienda si arricchisce, tra le altre, di nuove collezioni di imbottiti e, per la prima volta, di divani componibili per creare ambientazioni living e stanze in *total look* Frag.

→ Compositions and combinations of materials, style and colour. The Frag universe continues to expand, creating not just furniture, but aesthetic inspirations for public spaces and a world of refined and contemporary living. Our expert craftsmanship with leather and saddle leather products breathes life into a world of clear lines, volumes and details, bringing them together with the use of sophisticated materials for a refined finish. Brass, metal, marble, wood, rich finishes and careful workmanship meet a kaleidoscopic search for crafted details and elegant colour combinations in the upholstery. Alongside the traditional leather and saddle leather craftsmanship which have always been the feather in our cap, Frag is unveiling a completely original range of fabric upholsteries. This year sees the company catalogue expand with, among other things, new collections of upholstered furnishings, as well as our first ever modular sofas to create living spaces and rooms with Frag's *total look*.
