
Ray

ARMCHAIRS

Antonio Citterio

Description

A successful design strategy that achieves a balance of functional and aesthetic features, and entrusts the details to the right role: the seating system Ray is designed for a long life. Modular, with two depths, with an extensive compositional range that includes linear and corner elements, chaise longue and ottoman, it stands out for the tailoring detail of the blanket stitch that runs along the profiles of the cover, both self-coloured and in contrasting hues.

fabric or leather (blanket stitch)

Technical drawings

B&B Italia reserves the right to make technological and aesthetic improvements to its models, including changes to the sizes and materials, without notice. The technical drawings do not define the details of the product. The measurements shown are indicative and may undergo changes. In particular, the dimensions relevant to the padded parts are subject to usage tolerances over time caused by the normal adjustment of the padding.
