
Sina

CHAIRS

Uwe Fischer

Description

The small tables have the same base-frame as the small armchairs and are available in three heights and one diameter in the round version, while in one height and one width for the square version. Pleasant and minimal, they can be placed beside each other, matched to the Sina and luta chairs they can easily adapt to different home and contract uses.

Technical drawings

B&B Italia reserves the right to make technological and aesthetic improvements to its models, including changes to the sizes and materials, without notice. The technical drawings do not define the details of the product. The measurements shown are indicative and may undergo changes. In particular, the dimensions relevant to the padded parts are subject to usage tolerances over time caused by the normal adjustment of the padding. For the specific information, please contact the dealer closest to you.
