ARMCHAIRS

Vincent Van Duysen

Description

A seat that seems to be suspended, a dynamic frame that contrasts the static features: Theo reprocesses the traditional elements of the armchair, creating an item with a strong identity that can be changeable. Upholstered with a self-coloured fabric or leather, and enriched with tailoring details for a classical appearance, while the two-tone variant speaks a younger and more ironical language.

Technical drawings

B&B Italia reserves the right to make technological and aesthetic improvements to its models, including changes to the sizes and materials, without notice. The technical drawings do not define the details of the product. The measurements shown are indicative and may undergo changes. In particular, the dimensions relevant to the padded parts are subject to usage tolerances over time caused by the normal adjustment of the padding. For the specific information, please contact the dealer closest to you.
